

VETnetwork Australia Membership

VETnetwork Australia membership is crucial in supporting the association and provides the following benefits:

- Direct and easy access to Members only events held across Australia. This includes a range of professional learning opportunities such as webinars, online training, workshops, networking opportunities and more.
- Access to a range of VETnetwork Australia programs and initiatives such as Mentoring Australia's Apprentices Project – helping to support Australian Apprentices, and training mentors to support young people engaged in VET.
- Reduced rates for all VETnetwork Australia events including our Biennial National Conference.
- A fortnightly eNews alerting members to issues and events in VET across Australia.
- Four VETnetworker magazines per year with feature articles, case studies and more on VET and VETIS across Australia.

- Our flagship academic journal, VOCAL, produced biennially which showcases VET across Australia and includes articles from key Academic thinkers in VET.
- The Monograph Series produced biennially and highlights the research of a current VET practitioner.
- Advocacy and advice from a professional association to support the VET profession, with strong focus on VETIS.
- Support and information on a needs basis – VETnetwork Australia provides consultancy services (where requested) to support organisations better understand VET and administer quality VET delivery and training.
- In SA only, VETIS program administration (course brokerage, staff professional learning, work placements, monitoring and reporting and more) and support for VET students.

This above list exemplifies the range of membership benefits – we welcome your support and advice as a member of VETnetwork Australia to help expand and grow our services, for your benefit.

About VETnetwork Australia

VETnetwork Australia is a national professional association supported by the involvement of 'members' namely staff and practitioners with an interest and vocation in supporting young people through Vocational Education and Training (VET). VETnetwork Australia supports members by providing a diverse range of high quality, professional learning and training opportunities and a range of other membership benefits.

VETnetwork Australia's current mission statement highlights this focus:

"To provide nationally focused, quality leadership and professional support for the engagement of young people in vocational education."

Furthermore, VETnetwork Australia's core values are:

- To operate efficiently and effectively across the entire VET sector.
- To establish and maintain a presence as a peak body in the national VET sector.
- To facilitate opportunities for research and innovation within the national VET sector.
- To provide quality membership services to enhance the growth of the national VET sector.
- To value the skills and diversity of the labour market working within the national VET sector.
